

ABTA

Manicure & Pedicure Course

At the Australasian Beauty Therapy Academy, we aim to provide students with a reliable, and flexible learning and assessment process, where evidence gathered through a range of methods is validated against the unit of competency.

Practical sessions can take place in school hours and in both practical training classes and the student clinic. The student clinic simulates a beauty salon environment and provides actual beauty services to members of the public. In this environment, students are able to apply the full range of competencies against learning outcomes in a supervised environment. This continuous assessment process, which is ongoing for the full duration of the course, provides strong evidence to support the student's final course outcome as well as a tool for constant student feedback and improvement during the course.

About this course

This course is designed for those wishing to develop the skills and knowledge to begin a career in the nail and beauty therapy. It involves interacting with customers, providing natural nail care services in a safe and hygienic manner. The course covers knowledge and techniques for:

- Preparing client and work area for service, include identifying contra-indications
- Design/choose appropriate colour and products
- Identify the different products and demonstrate understanding of nail science
- Performing manicure and pedicure treatments (including express, standard, deluxe and paraffin treatment, as well as French painting)
- Providing aftercare and homecare advices
